

McCabe's Insurance Services...

When you need to know if a claim is legitimate

McCabe Associates has long supported the insurance industry by providing comprehensive investigations, liability analysis and case preparation.

We partner with clients to determine liability, accuracy of records and written reports, and the background of the claimants.

Insurance companies count on us to provide:

Background Investigations

We utilize the most recent proprietary databases and combine investigative techniques and analysis to probe a detailed history of the subject.

Computer Forensics

Our Computer Forensic Investigators are trained in the most advanced methods of recovery and analysis on a number of platforms for the purpose of gathering litigation evidence

Forensic Accounting

Our Forensic Accountants are highly trained and qualified, utilizing accounting, auditing, and investigative skills to examine financial data.

Investigations

Our Investigators have experience in background checks, criminal, civil, fire cause and origin investigations in addition to thorough research analysis.

Litigation Support

Our specialists can be a valuable part of any lawyer's case preparation from pre-trial investigation and research to concluding analysis and expert testimony.

Surveillance

Our state of the art technology allows us to compile immediate, comprehensive and reliable results

Each member of the McCabe Associates team of experts provides a superior level of performance and professionalism to our clients. Our tradition of excellence is based upon experience, integrity and trust all in the best interest of our clients.
